Message from the President

Hi all,

It's September again already! Time for football, baseball playoffs, and getting out and photographing wildlife, landscapes and other things before the stormy weather sets in and we still have some daylight.

Our show at the Frances Anderson Center went well. One picture sold (Lynne Greenup's) and there was a good turnout on Edmonds Art Walk night. It looks like we will be doing another show in October, 2026. The Board will decide whether to have a theme for this show and if so, what the theme will be. If you have any opinions on the issue, please let me know.

Our trip to the Palouse was called off due to cloud cover and smoke in the Palouse. We are trying to set up a trip in the spring. More on that later.

Lauren and Lynn did well at the Arts of Kenmore show. Both sold both of their entries. Lauren received first place for one of her pictures and the Sacred Art award for her other picture. Lynne received second place for one of her pictures and the Kenmore Camera award for her other one. Lauren and Jack Broom both did well at the state fair, winning top awards and selling at least one picture.

The Arts of the Terrace show is coming up soon. Several of our members will have images on display. It will run from September 20 through the 27th at the Mountlake Terrace Library. For address and hours go to https://mltarts.org/artsoftheterrace/#dates.

The annual NWCCC Conference will be held on November 15 from 1 to 5 pm at the Everett Community College, Jackson Center. To register and for information on the speaker, Thibault Roland, go to https://nwcameraclubs.org/

Entries for the various competitions are due by October 1!!

I hope everyone has a wonderful and safe Labor Day weekend!

Chris

The good folks at Lensrentals have a practical article on the hows and whys of **Light Painting.** Covers a variety subjects and effects: https://www.lensrentals.com/blog/2025/05/a-guide-to-light-painting-photography/

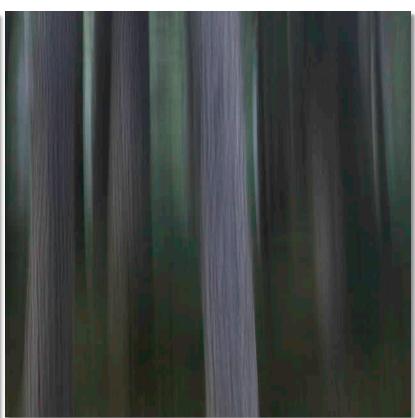

If you're looking for good ideas for things to photograph (besides our wonderful club assignments, that is), take a look at

52Frames which offers a weekly assignment to try out. Jen Fawkes, who recently did a series of talks on image analysis for the club highly recommends them: https://52frames.com/
